At the request of friends, I hereby announce myself a candidate for the office of assessor for North Platte Precinct, and trust I will receive the endorsement of the majority of voters at the polls. Very Respectfully Yours,

G. T. A. NIXON.

At the solicitation of many friends, I have consented to become a candidate for the office of county commissioner at the approaching county election, and respectfully solicit the votes of all who are in favor of an honest, impartial and economical administration of county affairs.

JAMES BELTON.

The latest exchange to find its way to this office is the *News* from Ogallala, an independent paper of Democratic tendencies. Keith county will soon be able to support two papers.

WE INVITE attention of the voters of North Platte precinct to the announcement of Mr. Nixon for assessor. Mr. N's friends are ardent and enthusiastic and if he does not "get there" it will be for want of votes, a contingency that is not likely to happen.

AFTER paying all expenses and back indebtedness, the State Board of Agriculture will have about \$20,000 left in the treasury, as the proceeds of the fair at Lincoln this year. It was a grand success in every respect, being acknowledged the best exhibition ever held west of the Missouri.

IT DOES look as though there was a good deal of truth in the charge of Senator Eustis of Louisiana that Cleveland is a fraud and mugwump in not turning the rascals out. St John and Van Wyck can give some valuable information on this subject and the bourbon Senator from Louisiana should interview them.

THE Illinois Liquor Dealers Protection Association collected \$331,991 and expended \$208,938 last year. It is not stated what the expenditures were for, but probably used in the legitimate way to protect the interests of the association in the legislature.

GEN. HOWARD'S remarks if true as reported as to what the government will do in case a general strike in the coal mines is sustained by the Knights of Labor, appear rather premature and uncalled for. His duty is not to anticipate orders but simply to execute them, and on such an occasion his remarks are better calculated to bring on a collision than to allay excitement.

DR. MILLER and "Governor" Morton are having hard work to secure any appointments while Van Wyck stand in the way. We suggest that they bury the hatchet and inform the President that they are competent to manage the Democratic party in Nebraska without aid from "assistant democrats." The Doctor and the "Governor" are able statesmen and stalwart Republicans have full confidence in their abilities if Democrats have not.

It is with pleasure we announce that one of our principal business men and property holders has the courage to announce that he is a candidate for the office of county commissioner. Mr. Belton is too well known to require any commendation from this paper. One of our leading merchants, an old citizen, he has occupied several positions of honor within the gift of the people, and is highly qualified to fill the important position to which he aspires.

UNDER the proper head will be found the announcement of Miss Honn as a candidate for re-election to the office of County School Superintendent, to which attention is invited. During the past two years the county has developed with rapid strides and under her administration the office of school superintendent has kept pace with that improvement. While this journal expects to support the nominees of the Republican party, it is only justice to Miss Honn to say she has conducted the affairs of her office in an efficient manner, generally satisfactory to the people.

"Music hath charms to soothe the savage beast," but there is no music more soothing to the Democratic breast than the concord of sweet sounds produced by Republican political heads dropping into the basket. For these gentle reverberations the ever faithful longingly wait, but "America's greatest Statesman and friend of the poor man" stands in the way, while the Nevilles, Mortons, Millers, Hinmans and a host of others, who have borne the brunt of battle for years, plead in vain to "turn the rascals out." What a sad commentary upon Cleveland's Jacksonian administration.

THE white people of Rock Springs do not take kindly to the determination of the Railroad Company to retain Chinamen in the mines and have them protected by troops. A local paper has the following on the subject: "If it is a disgrace to American civilization for a few miners, aggravated by a long course of injustice, to kill a few Chinamen it is not a more damnable disgrace to see a rich and powerful corporation—created and sustained by American citizens—claiming and receiving the assistance of American soldiers to enforce the employment of leprosy aliens to the exclusion of American workmen? Why, even the soldiers themselves curse the duty which compels them to sustain the alien against the American, and no wonder every man in town is hot with indignation at the spectacle."

A YEAR or two ago a law was passed restricting Chinese immigration, but judging from the number of Celestials passing over the U. P. road and scattered about in different parts of the country, the law is a dead letter. Usually the coolies who are sent here by the Six Companies after serving their time out return to the Flowery Kingdom, and it was naturally expected by the advocates of the law that the number of Chinese in this country would diminish to such an insignificant number as to cut no figure in the labor problem. This has not been realized and the natural inference is that the law is not enforced or is evaded and the invasion winked at by the officials of the government. In view of this it is not strange that the indignation of white laborers break out in such unlawful acts as recently took place at Rock Springs. The Chinese law was framed for the white laborer's protection after years of agitation and popular demand, and they cannot be blamed for expressing their disapproval of its evasion by acts of revolution and violence. From a humanitarian view their acts are deplorable, but are only the outgrowth of violation of law by government officers and others high in authority. The popular verdict will sustain the whites in vindicating their rights.

One of the reasons why Jeff Davis denies the story of having been taken in female apparel, that in the last twenty years hoopskirts have gone out of fashion. A man would better be dead than unfashionable.

The latest crop reports are to the effect that there will be an unprecedented yield of corn in the northwest, but the wheat crop will not be up to the average, especially in Dakota and portions of Iowa and Minnesota.

The cholera is spreading in Sicily, and the situation is becoming serious. Every town is cordoned. Conflicts between the populace and the military are continually occurring, and many persons have been wounded. A large military force is to be dispatched to the island to restore order.

Mention is made in the east of a renewal of the old effort to prove in court that beer is not intoxicating; but beer is too well known in this country now to afford any chance of a favorable verdict in the case. The cup that cheers without intoxicating is an extremely rare article—the only two known with an absolutely clean reputation being the teacup and the one just saved from the Genesta.

An enormous Socialist meeting was held Sunday in London, which the police attempted to disperse. Several persons were arrested and punished with fine and imprisonment yesterday. During the court proceedings William Morris, described in the dispatches as "an esthetic poet"—probably the well known author of the "Earthly Paradise"—was placed in custody for assaulting a policeman.

At Sturgis City, Dakota, several colored soldiers belonging to the Twenty-fifth infantry, stationed at Fort Meade, two miles from the city, attended a dance Saturday Sept. 19th. One of the soldiers, became disorderly, was ejected from the house. The soldiers proceeded to the fort, collected sixteen companions, and arming themselves, went back to the dance house, drew up in a line and at the word of command from the leader, fired a volley of shot at the building. Richard Bell, a cowboy from Nebraska, was instantly killed. The dance house was completely riddled with shot. They then cut the telephone wire and returned to Fort Meade. Five arrests were made and more expected to follow. Great excitement prevails, and citizens and cowboys are arming themselves and say that they will kill the first colored soldier found alone away from the fort.

In an interview Senator Sherman said: "This so-called bloody-shirt issue is the most important before Ohio or the Nation. It cannot be sneered down nor driven from public view by cant phrases and demagogism. I think Gov. Hoadly will be compelled either to admit the suppression of the colored vote and adopt the Democrat argument of justification or deny the truth of what his Democratic friends in the south freely admit. He cannot do the former because of his own abolition record and I would be pleased to have him attempt the latter. The question has nothing to do with war issues. It is a living question. Shall one white man in Mississippi wield twice or three times the influence in National affairs wielded by one Ohio man? When men tell me that it is impolitic to call attention to such monstrous unfairness, and that to oppose such rank injustice is to risk party defeat, I answer by saying if the Republican party has no longer the courage to defend the right and insist upon justice and equality in all sections of the Union it ought to be defeated. I had rather be permanently retired from public life than seem by silence to consent to the suppression of the colored vote in the south and the injustice resulting therefrom."

At a meeting of the county commissioners on Monday, upon petition Fairview precinct was organized, comprising towns 12 and 13 south of the South Platte river in ranges 35, 36 and 37, establishing the voting place at the house of J. W. Sheridan, on section 6, township 12 and 14, range 37, laying between the North and South Platte rivers was upon petition attached to Ogallala precinct.—Ogallala Reflector

We understand that the Chinese companies of San Francisco are thinking of bringing suit against the city for interfering with religious ceremonies in their arrest of Chinamen for boiling the bones of their dead. The question arises whether the lives of valuable citizens are to be endangered by the indulgence of disgusting practices brought by the Mongolian from his barbarous home into a civilized country. That the Chinamen knew they were doing wrong, violating the law of this country, is evidenced from their bringing the cheerful pole-cat into requisition to disguise the odors arising from the boiling remains of their brethren. We are very patient in this country; we tolerate a great deal. The Mormons told us that polygamy was part of their religion and we allowed it to go on until disgust awoke us to a consciousness of the foul blot on our civilization. We should remember that although this is a free country, liberty is not license. It is about time that foreigners coming to America should understand that it is a civilized country, and if the Chinese companies endeavor to recover damages from those who in the interest of decency and health unearched and brought to an end their abominable practices, they should be taught a peremptory and severe lesson.—E.E.

You may not be aware of it but it is a fact, that many of the medicines recommended for croup contain either chloroform or opium, and cannot be given to children in the large and frequent doses required, in cases of croup, with any degree of safety. They are dangerous and should be avoided at all times. There is one preparation, however, that does not contain a single ingredient that would injure a child, and it is certain and positive cure for croup, and that is Chamberlain's Cough Remedy. It has cured thousands of cases and can always be depended upon. Sold by Gray & Co.

When you can't sleep for coughing take a dose of Chamberlain's Cough Remedy.

For sprains, swellings or lameness Chamberlain's Pain Balm has no equal.

## USE Vegetable

## HALL'S HAIR

## RENEWER.

It is a medicinal preparation, and, at the same time, an elegant and cleanly toilet article. Its action upon the scalp is healthful. It nourishes the glands which support the hair, and causes thin, dry hair to become thick, soft, and vigorous. It restores the color of youth to locks which have become faded with age or disease; and relieves and cures itching, caused by humors of the scalp. Dr. George Gray, Nashua, N. H., writes: "It gives me pleasure to testify to the wonderful effects produced by Hall's Vegetable Sicilian Hair Renewer, as observed by me in very many cases. IT WILL CERTAINLY RESTORE THE HAIR TO ITS ORIGINAL COLOR. It cleanses the head of dandruff, and leaves the hair soft, glossy, and beautiful." F. T. Sandhein, 1010 Spruce st., Philadelphia, Pa., writes: "After unavailingly trying a number of preparations to prevent my hair from falling out, and realizing that I was fast becoming bald, I tried, as a last resort, Hall's Hair Renewer. I have used only four bottles of the Renewer, and am perfectly satisfied that it is the best preparation in the market for checking the falling out of hair, invigorating the hair roots, and promoting a new growth."
